APPROVAL CA1999070014

Second Revision

ISSUED BY THE COMPETENT AUTHORITY OF THE UNITED STATES

Expiration Date: 07-31-2009

1. **APPROVAL HOLDER:** The Battery Shop LLC
385 Industrial Drive
Mount Juliet TN 37122

2. **REGULATORY AUTHORITY:** Part 1; 1.1.1 of the International
Civil Aviation Organization's Technical Instructions for
the Safe Transport of Dangerous Goods by Air (ICAO TI).

3. **SYNOPSIS:** This approval authorizes The Battery Shop LLC to
ship nickel-cadmium aircraft batteries housed in a
stainless steel case without leakproof testing from a
ruptured or cracked case as required in ICAO TI Special
Provision A67.

4. **BASIS:** This approval is issued in response to The Battery
Shop LLC's application for renewal dated May 5, 2004.

5. **PERIOD OF VALIDITY AND CONDITIONS OF APPROVAL:** This
approval does not provide relief from any requirements of
the Hazardous Materials Regulations, or ICAO TI except as
stated herein. This approval is valid until the posted
expiration date or until terminated by the Associate
Administrator for Hazardous Materials Safety.
 - a. **Approved Materials:** Only the following material(s)
may be transported under the terms of this approval.

Proper shipping name-Hazardous materials description	Hazard Class / Division	Identi- fication Number	Packing Group
Batteries, wet, non-spillable	8	UN2800	N/A

b. Safety Controls: Batteries must be protected in a manner such as to prevent damage and/or short circuits during transit.

c. Packaging: Packaging must meet the requirements of ICAO TI Packing Instruction 806.

d. Marking Requirements: Each package and overpack if used, prepared under the provisions of this approval must be plainly marked with the approval number.

6. MODES OF TRANSPORTATION AUTHORIZED: Passenger aircraft and Cargo aircraft.

7. SPECIAL PROVISIONS:

a. A current copy of this approval must be maintained and made available for examination at each location where materials are packaged and offered for transportation.

b. Any person who offers for transportation or transports the above-described package(s) may do so under the authority of this approval if all requirements and conditions of this approval are met.

c. The cells and battery case must be constructed and packaged as described in the original test report submitted with your initial application to this office.

8. GENERAL PROVISIONS:

a. Failure by any person to comply with the terms and conditions of this approval, ICAO TI, and the Hazardous Materials Regulations, 49 CFR Parts 171-180, may result in the modification, suspension or termination of that person's authority to use this approval. Failure to comply may also subject that person to penalties prescribed by 49 U.S.C. §§ 5123 and 5124. This approval may be modified, suspended or terminated in its entirety if that action is justified in light of changes in circumstances or additional information not available when this approval was issued. Unless immediate modification, suspension or termination is necessary to avoid a risk of significant harm to persons or property, before action is taken, that person will be notified and provided with an opportunity to show why the proposed action should not be taken.

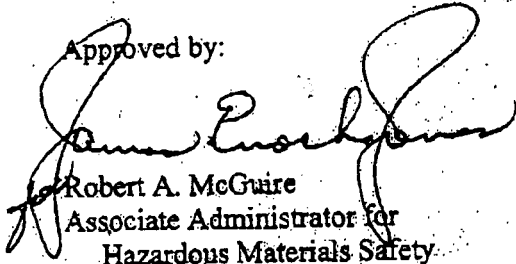

b. Each "Hazmat employee", as defined in § 171.8, who performs a function subject to this approval must be provided training on the requirements and conditions of this approval in addition to the training required by §§ 172.700 through 172.704.

c. Any Person operating under the terms of this approval must comply with the security plan requirement in Subpart I of Part 172 of the HMR, when applicable.

Issued in Washington, D.C.

Dated: July 7, 2004

Approved by:

Robert A. McGuire
Associate Administrator for
Hazardous Materials Safety
